## I. Fixes/Features new in this release

- Fixed the ability to scan to macOS via ICA Image Capture on 10.14.

## II. Caveats & Special Instructions

- This driver only supports MacOS 10.13 through 10.15.
- If a user is running a 32bit application and using the V4.x or V5.x Xerox Universal Mac driver, they will see 'Print Features' instead of 'Xerox Features'.
